DETAILED ACTION

- 1. This communication is responsive to the Amendment B, filed 3/4/2004.
- 2. Claims 1-16 are pending in this application. Claims 1-11 were canceled. Claims 12, 14 and 16 are independent claims. This action is made Final.

Claim Rejections - 35 USC § 112

- 3. The following is a quotation of the second paragraph of 35 U.S.C. 112:
 - The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 4. Claim 16 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 16 recites "the home electric appliance" on each of lines 3-9 and 11; and "the appliance" on line 10. There are insufficient antecedent basis for these limitations in the claim. It is believed that these recitations refer to "the home electric **appliances**" as recited on lines 1-2 of the claim. However, appropriate corrections are required.

Allowable Subject Matter

- 5. Claims 12-15 are allowed.
- 6. Claims 12-15 are allowable over the art of record because the art of record do not teach all of the claim limitations. Thus, the prior art made of record fails to anticipate or make obvious the claimed invention.
